

Role: Senior Project Manager

Location: Remote / Hybrid

Reports to: Director of Operations

Position Summary

We are seeking a disciplined and strategic Senior Project Manager to oversee complex, high-impact projects from inception to completion. You will be responsible for coordinating cross-functional teams, managing budgets, and ensuring that all project deliverables meet our high standards of quality and efficiency.

Key Responsibilities

- **Planning:** Define project scope, goals, and deliverables that support business goals in collaboration with senior management.
- **Execution:** Lead the planning and implementation of projects; facilitate the definition of service levels and customer requirements.
- **Monitoring:** Track project milestones and deliverables using appropriate tools (e.g., Jira, Asana, or MS Project).
- **Communication:** Present reports defining project progress, problems, and solutions to stakeholders.

Qualifications

- Bachelor's degree in Business, Engineering, or a related field.
- 5+ years of experience in project management.
- PMP or PRINCE2 certification is highly preferred.
- Strong familiarity with Agile and Waterfall methodologies.
